## FOREIGN NEWS

### Release 1,000 Prisoners.

MANILA, April 19.—The manifesto of Aguinaldo, the Filipino chief, calling on his followers to lay down their arms and submit to the Americans, will be formally issued tomorrow morning. General McArthur announces that he will signalize its assurance by releasing 1,000 prisoners of war.

### Japan as Reformer.

LONDON, April 20.—There are very strong indications, says the Shanghai correspondent of the Morning Post, "that the Japanese Government purposes to put itself at the head of the reform movement in China in order to overthrow the Manchu dynasty, which it considers bound hand and foot to Russia."

### Peace Talk Again.

LONDON, April 19.—The Sun today, confirming the report that the peace negotiations between Lord Kitchener and the Boer Generals have been renewed, suggests that something is likely to be effected during Sir Alfred Milner's absence. The paper also says the Government is divided as to who will fill Sir Alfred Milner's place. Mrs. Botha is again acting as a go-between.

### Sugar Ruling Upheld.

NEW YORK, April 19.—The Board of Classification of United States General Appraisers today announced a decision in the Russian sugar case: The Board decided, by a majority vote, that the American Government was justified in assessing a countervailing duty on Russian sugar, the precise amount being determined according to the bounty declared to have been paid by the Russian Government when the sugar was exported.

### Troops Outside the Wall.

PEKING, April 19.—In consequence of strong representations to the Chinese Government an imperial decree, dated April 16, has been issued ordering the Chinese troops at Howai-Lu to immediately remove outside the great wall. The Chinese troops whose withdrawal outside of the great wall has been ordered by imperial decree are understood to be the force which a German and French expedition was preparing to attack. Howai-Lu has been located in the cable dispatches as southwest of Pao Ting Fu. The Chinese occupied a position within the limits of territory which the military representatives of the powers had decreed as being under their protection. A dispatch from Paris says that in consequence of the imperial decree ordering the Chinese troops to leave the territory considered under the protection of the allied forces the Franco-German expedition has been abandoned. France will shortly withdraw 10,000 troops from China.

### British Budget Deficit.

LONDON, April 18.—The exceptional interest taken in this year's budget statement was evidenced by the crowded condition of the House of Commons when it reassembled today. The attendance of members was unusually large, while the appearance of the galleries testified to the deep interest of the public in the fresh taxation proposals required to meet the expenditure for 1901-02, which, according to a Parliamentary paper issued this afternoon, totals £187,602,000, inclusive of the war charges, this being an increase of £32,901,000 for the year.

### "Mr." Carrie Nation.

TOPEKA, KAN., April 17.—Mrs. Carrie Nation has been left to fight her battles against the rum traffic single handed by the desertion of David Nation, who has gone back to his farm in Barber County. Mr. Nation has been following his wife all winter, but has tired of playing the inconspicuous part of "Carrie Nation's husband." Speaking of his retirement, he said: "I can't keep pace with Carrie in this crusade of hers. I am tired out. It is too hard work, and there is too little in it. Her life might be termed 'strenuous' in the fullest sense of the word. I used to think she would get into trouble if I didn't follow her around, but I find she is able to take care of herself, and I am going home. I will fix up the place and have it ready for her to come to and rest when she gets through her work."

### Queen and Gladstone.

NEW YORK, April 17.—The Quarterly Review, according to the London correspondent of the Tribune, contains a remarkable article on Queen Victoria, evidently written from a precise and intimate knowledge during a period of fifty years. The explanation given of the Queen's prejudice against Mr. Gladstone is that it started in the suspicion that he gave her too much work to do, until she was, as she put it, "dead beat." He tried in his eagerness to press her to do what she considered to be his work, and when she resented it and he renewed the attempt she formed a pernicious prejudice against him which never was removed. The author states that it was always an element in her reticence with regard to Mr. Gladstone that he was too high church and had the mind of a Jesuit.

### The Pacific Cable.

VICTORIA, B. C., April 16.—The Government officials who have in hand the selection of a landing place for the Pacific cable on the coast of Vancouver Island, have been advised from London that the manufacture of the cable is to commence next month, and the first expedition in connection with the laying of it is said to leave the Thames in January, 1902. This expedition will carry out the laying of the sections from Queensland to Norfolk island and from Norfolk island to the Fiji islands. The second expedition will leave about August, 1902, and will lay the cable from Vancouver island to Fanning island and Fiji. This length of cable, 5,834.5 miles, will be transported and laid by one ship, now being built for the purpose, and which is to be capable of carrying 10,000 tons. The contractors undertake that the whole of the cable shall be laid and working by December, 1902.
